A.E. Bowers Elementary

2024/25 School Education Plan At-A-Glance

This Year We Worked On:

- Developing foundational literacy and numeracy skills by implementing specific programs to support all students and targeted programs to support students identified at risk
- Building inclusive learning opportunities by increasing visibility of our school's PBIS expectations of being "Safe, Kind, and Responsible"

You Can Help By:

- Checking PowerSchool regularly for feedback and next steps tailored to your child's learning journey including results from CC3 and the Alberta numeracy assessment
- Reading at home with your child and continuing to practice math fluency in addition, subtraction, multiplication and division facts

Next Year You Can Look Forward To:

- Continued focus on increasing early literacy and numeracy skills
- School focus on workplace readiness at the elementary level: exposure to careers and skills that students can explore
- Continued focus on building a strong community where students feel they belong

Information is based on our 2024/25 school education plan.
